Eleanor Roosevelt FBLA Achieves Remarkable Success at California State Leadership Conference

Eastvale, California – The Future Business Leaders of America (FBLA) chapter at Eleanor Roosevelt High School proudly attended the California FBLA State Leadership Conference (SLC) on April 11 to 14. The competition held in Anaheim, California, showcased the talent and hard work of FBLA members from all across the state, and our chapter came through as a standout success.

Our chapter's performance marked significant milestones never before seen. We had 8 first place awards in events, a complete turnaround from last year's 2. Our state champions this year included: Alejandra Cervantes, Emily Chen, Praneet Dumpa, Sindhu Kalavakuri, Jiayi Qin, Jason Sun, Chinmay Swaminathan, Alena Talreja, Ethan Tran, Rishi Vithlani, and Max Wagoner. In addition to our champs, several others placed in the top ten, allowing us to earn a sixth place in sweepstakes. This was a historic achievement as we have never placed in the top ten. A lot of preparation went into this, showing our growth and the dedication of our members.

Beyond competitive events, our outstanding officers ascended to higher leadership roles in FBLA. Emily Wang, previous President of both our chapter and Inland Section, ran for State President and secured the victory. Additionally, at our Inland Section conference, Ashlynn Adeva was elected president. At SLC, Madeline Rife campaigned for the position of Inland Secretary, and was victorious. All enhance our chapter's influence and representation within FBLA.

"This SLC was the best one ever", declared Jason. The success of this SLC reveals the advancement of our members and chapter as a whole, providing experiences fostering

personal and professional growth. 29 students will be heading to the national conference this June in Orlando, Florida.
